### HAZARDS IDENTIFICATION

**Exposure Limits:** A Threshold Limit Value (TLV) or Permissible Exposure Limit (PEL) is not established for this formulation.

**Effects of Exposure:** The prepreg material is a low exposure risk under normal operating conditions.

**Inhalation:** Exposed persons may become sensitized, inducing an allergic reaction.

**Eyes:** Causes mild irritation.

**Skin:** Causes irritation. May sensitize individuals, causing allergic symptoms.

**Ingestion:** Has no known effects.

**Existing conditions that may be aggravated:** See above.

Section 4. **FIRST AID MEASURES**

**Inhalation:** If any adverse symptoms appear, move person to fresh air. If necessary, administer artificial respiration or oxygen and contact a physician.

**Eyes:** Flush eyes immediately with water for at least 15 minutes. Contact a physician.

**Skin:** Wash skin with soap and water. Contact a physician if symptoms develop/persist.
